

EREI

Elisa Ossino, 2018

The soft and defined forms of the Erei bed invite the feeling of relaxation at first sight. An initial welcome is always pleasant, but knowing it will be there, is even better. Erei fully showcases and furnishes the room, as intended. Its sides and front edge are able to store matching bedside tables.

DESCRIPTION

Erei is a bed with an elegant aesthetic, soft and rigorous at the same time.

The comfortable headboards and a soft padded perimeter edge protect and envelop the mattress.

Bedside tables complete the system and can be placed along the sides or along the foot of the bed.

TECHNICAL FEATURES

Headboard: wood frame.

Padding in variable-density foamed polyurethane and polyester wadding, covered with polyester velveteen. For FR (Fire Resistant) versions, padding materials follow current regulations.

Base: steel and wood frame. Slats in beech plywood. Padding in foamed polyurethane and polyester wadding, covered with polyester velveteen.

Feet in epoxy-polyester powder coated steel, gunbarrel grey or brick red coloured.

External covering: totally removable cover in fabric or non-removable in leather or velvet.

Bedside table: Black high density wood fibre board panel (CDF), oil finish, covered with natural-colored mineral-cured pigmented leather, or covered with aluminum delabrè plate, or in striped brass, striped grey steel or dark delabrè steel sheet, or veneered in aniline-dyed solid ash wood or smoked oak, finished with transparent open-pore acrylic paint.
